Remedial coaching report

Semester :-II

Ref: MES/ACSC/ACA/ /

Date: :15.03.2021

In the year 2020-21, Remedial coaching was organized by the Department of Mathematics for the academically underdeveloped, slow learner students. Re-teaching classes were conducted for the students of F.Y B .Sc Total 32 students from F.Y out of 10 students benefited from remedial coaching and they took advantage. Subject wise class examinations were conducted from the beginning of the first session of the student admitted in Calculus class. From this, students who need special and more guidance were identified. Supplementary notes for this student were also made available online. For this, Whats App group etc were used.

Under Remedial Coaching, emphasis was laid on class examinations, group discussions, questions and answers, lesson presentation etc. with extra lectures on behalf of Mathematics which had a good effect on the results of Calculus & subject understanding.

The result of F.Y for subject Calculus 08-was 90%. From time to time, the Head of the department discussed with the subject teachers on remedial teaching methods, teaching subjects, examinations and assessments. This is recorded in the meeting register of the department. Documents related to these classes are available in the Department.
