ENVIRONMENT POLICY STATEMENT

Revised – 2017

(As subject no. 6th approved in the second CDC meeting held on 11/08/2017)

I. Preamble

The Mula Education Society's (MES) Arts, Commerce and Science (ACS) College is very keen to protect environment and any of the activities practiced in the institution are framed not to cause any harm to the environment. Specific action would be taken to prevent the harm. The primary goal of environmental policy is to protect natural systems. It is, therefore, a core value of the institute to preserve and protect the environment. As we advance, scientific understanding regarding the fundamental interrelationship between human health and the environment, we will proactively demonstrate our commitment to environmental stewardship and sustainable development.

Through implementation of this policy, MES's ACS College, will serve as a leader by advancing environmental conservation commitment within our own programs and facilities, and in the broader community.

II. Aims and Objectives of the Policy:

- i. Develop and maintain environmental management programs with objectives and targets to minimize adverse environmental impacts.
- ii. Comply with all applicable environmental, health, and safety laws, regulations, and other requirements.
- iii. Implement effective pollution prevention and waste minimization programs to reduce, reuse, and recycle materials.
- iv. Ensure that energy and water are used responsibly and conserved through innovative practices and procedures.
- v. Provide all institute staff with the knowledge and tools needed to meet the goals of this policy and to actively participate in efforts to prevent negative environmental impacts.
- vi. Measure progress toward our environmental goals.

III. The Policy

Accordingly, it is resolved that the MES's ACS College will:

- 1. Provide facilities for alternate sources of energy and energy conservation measures like:**
 - Solar energy

- 5. Regularly conduct quality audits on environment and energy, which include:**
 - Green audit
 - Energy audit
 - Environment audit
 - Clean and green campus recognitions/awards
 - Beyond the campus environmental promotional activities
- 6. Implement Carbon Management Strategy, which include:**
 - To implement a carbon management strategy, including the efficient use of energy.

- To reduce greenhouse gas emissions in the college campus.
- To ensure the uptake of low carbon technologies in buildings and equipment.

7. Provide Awareness and Training:

- To communicate internally and externally, the college's environmental objectives and performance.
- To raise awareness of staff and students about the college's environmental impact, activities and performance and good practices.
- To provide appropriate environmental educational programmes for staff and students.
- To encourage and facilitate feedback and suggestions on ensuring good practices.
- Evaluation of Environmental Policy.
- To undertake a regular review of environmental management procedures and activities to ensure suitability, adequacy and effectiveness.

IV. Responsibilities:

- The main responsibility for implementation of this policy lies with the Students, Teaching and non-teaching staff and Principal of College.
- The Heads of departments are responsible for ensuring compliance with Environment Policy within their area of control.
- The committee will actively monitor the performance of Colleges and Divisions in the implementation of the aims and objectives of this Policy in the activities under their control.
- Whilst the college accepts the main responsibility for implementation of this policy, individuals have a very important role in co-operating with those responsible for safeguarding the environment. Individuals are required to abide by rules and requirements made under the authority of this policy.
