

## Supporting Documents for metric No. 7.2.1

**7.2.1 Describe two best practices successfully implemented by the institutions as per NAAC format provide in the Manual:**

### **Title of the Practice I: Green Initiative**

#### **1) Objectives of the Practice:**

Keeping in view the environmental imbalance and its disastrous impact on the globe, the college is committed to take initiative to overcome causes and offer solid solutions towards the conservation of biodiversity. It has some aims like organizing programs on the burning issues, increasing awareness and understanding of the problems among the stakeholders.

#### **2) The Context :**

We are at a crucial juncture when environmental degradation is leading to moral chaos and absolute destruction. Having been dedicated to the service of society and nature, we initially feel our prime duty to educate our youth and help them to identify the persistent problem and adopt sustainable life style.

#### **3) The Practice:**

The college organized four programs in order to do justice to its objectives. The first activity entitled 'Participation-in-Agricultural-Workshop' was conducted, the second was celebration of World-Energy-Conservation-Day. The third was the program 'Meri Mati Mera Desh'. The fourth activity was a program on "Clean India Mission" 'Garbage Freedom Abhiyan'.

#### **Evidence of Success:**

The evidence may be measured though the amount of output that is noticeable in steady but constant change in the outlook of the stakeholders.

#### **4) Problems Encountered and Resources Required:**

Financial constraints remain the biggest problem for conducting any activity. Educating the local community about green initiatives also remains a challenge because of the unawareness about the global issues.

## **Best Practice II**

### **Title of the Practice II: I am an Entrepreneur.**

#### **1) Objectives of the Practice:**

To drive innovation, build sustainable business models, create value, foster growth, inspire teams and adapt to market changes effectively.

#### **2) The Context:**

As an entrepreneur, students need awareness and involvement in identifying market needs, innovating solutions, managing resources, building a team, and navigating challenges to create a successful and sustainable business venture.

#### **3) the Practice:**

The college has been constantly working with the aims and objectives of the best practice and ensures advanced planning for the best result and participation of students from every walk of life. To fulfil the goal, the college organized 15 activities in the academic year 2023-2024.

#### **4) Evidence of Success:**

The activity has benefitted more than 500 students. These activities, tailored to student needs, included expert interaction sessions, celebration of World Creativity & innovation day, Workshop on Intellectual property rights, funding opportunities for early-stage entrepreneurs, a motivational session, Workshop on Entrepreneurship opportunities in Banking and Finance', industrial visit, laboratory visit, etc.

#### **5) Problems Encountered and Resources Required:**

Problems encountered included limited funding, logistical challenges, and low engagement. Resources required were financial support, expert facilitators, and promotional materials to enhance participation and ensure smooth execution of activities.

**Name of the Principal:** Dr. Shankar Laxman Laware

Name of the Institution: Mula Education Society's Arts, Commerce and Science College, Sonai, Tal: Newasa, District: Ahmednagar-414105 (Maharashtra)

- **Accredited Status:** A at fourth Cycle. Cell No. 9822742384 e-Mail: laware\_sl@yahoo.com Website: <http://www.acssonaicollege.edu.in>
